(4) Nothing in this section shall be construed to limit the kind and quantity of any narcotic drug that may be prescribed, administered, compounded, dispensed, or sold, to any person or for the use of any person or animal, when it is prescribed, administered, compounded, dispensed, or sold, in compliance with the general provisions of this sub-title.

Every physician, dentist, veterinarian, or other person who is authorized to administer or professionally use narcotic drugs, shall keep a record of such drugs received by him, and a record of all such drugs administered, dispensed, or professionally used by him otherwise than by prescription. It shall, however, be deemed a sufficient compliance with this section if any such person using small quantities or solutions or other preparations of such drugs for local application, shall keep a record of the quantity, character, and potency of such solutions or other preparations purchased or made up by him, and of the dates when purchased or made up, without keeping a record of the amount of such solution or other preparation applied by him to individual patients.
